**VERIFIED PETITION OF EDWARDSVILLE
WATER CORPORATION, A NOT-FOR-PROFIT
CORPORATION, FOR APPROVAL TO INCLUDE
A CAPACITY FEE CONNECTION CHARGE ON
ITS TARIFF**

CAUSE NO. 42564

You are hereby notified that on this date the Indiana Utility Regulatory Commission has caused the following entry to be made:

On January 23, 2004, Tunnel Mill Farms Development, LLC filed with the Commission its "Petition to Intervene," which appears in the following words and figures, to-wit:

[H.I.]

In its Petition, Tunnel Mill Farms indicates that it is engaged in developing a subdivision that will receive water from Edwardsville Water Corporation, which in this Cause is seeking approval to include a Capacity Fee of \$1,000 in its tariff. Tunnel Mill Farms states that it has a substantial interest in ensuring that the Capacity Fee is fair and equitable to its customers constructing homes in the proposed subdivision. Furthermore, it is alleged that an inequitable Capacity Fee could adversely affect Tunnel Mill Farms' ability to market its subdivision lots.

Upon reviewing the Petition to Intervene, and in the absence of any opposition, the presiding officer finds that the Petition to Intervene of Tunnel Mill Farms should be granted. Tunnel Mill Farms is informed that a prehearing conference is scheduled in this Cause on February 18, 2004, at 11:00 a.m. in Room E-306 of the Commission's offices.

IT IS SO ORDERED.
